

Computer Applications

Minor

18 Credit Hours

This program is offered by the George Herbert Walker School of Business and Technology/Computer and Information Sciences Department. It is available at the St. Louis main campus.

For information on the general requirements for a minor, see Minor under the Academic Policies and Information section of this catalog.

A minor in computer applications is defined as 18 credit hours of courses from the computer applications COAP course listings taken at Webster University.

Some courses from the computer science course listings may also be taken as part of the 18 credit hours with the permission of the department. Courses may not be used for both a minor and a certificate.

Learning Outcomes

- Students will demonstrate critical thinking skills.
- Students will demonstrate the ability to solve problems related to the program content.
- Students will demonstrate a basic understanding and ability to use several common computer applications.
- Students will be able to create documents, worksheets or other work tools using computer applications from the program.

Required Courses

- COAP courses (18 hours)
